You will get a schedule of all the after school marching practices and LMS Football Game schedule at the beginning of the school year.

All events in bold are required events. If and absence is to occur, appropriate communication and documentation is needed.

*Events with astericks are not required of all band members. Only those that choose to participate or qualify for those events must provide communication for absences. These events, however, are required by Majorettes.

Please note that all events, dates and locations are subject to change. There may also be new events that are added. Some of these events may require additional rehearsals that are not currently listed on this schedule. If any changes do occur, I will do my best to give you sufficient notice so that everyone can plan accordingly. An information sheet including more specific details such as time, place and transportation (if needed) will be sent home about each major event prior to the date. Please refer to the LMS Band Handbook for policies and

check the LMS Band website for updates.
