REQUEST FOR PROPOSAL

FY 2024 C2 E-Rate Switches and Related/Required Components

Addendum #1 – Questions and Answers

Q1: There is a mix of Essentials (C9400-NEW-E) and Advantage DNA licenses (C9400-DNA-A-3Y). Configuration is invalid with a mix. You have Essentials on all other configurations. Will Anderson MDF be the same?

A1: Yes. The licensing should be Essentials across the board.

Q2: There is only one Power Supply listed for Anderson MDF. Should it be 7 to match LHS CTECH 1 and 2?

A2: Yes. This was an M&C error. The quantity should be 7 for Anderson MDF.
