New COVID-19 Mask Requirements

Dear Parents,

COVID-19 has brought a number of challenges our way, and we have joined together as a community to successfully navigate through this difficult school year. In an effort to further protect our students and staff, LISD primary students will be required to wear masks beginning on Monday, February 15, 2021. The Dunbar staff will be helping our students adjust to this new procedure.

Here are a few key points to remember:

- Proper mask wearing includes covering the mouth *and* the nose, and this will be the required practice for our students.
- Masks must be on prior to entering the building each morning.
- We will continue to socially distance the students throughout the campus. Classes will remain separate.
- Please ensure masks are clean on a daily basis.
- Please write student names on non-disposable masks.
- Face shields are not an allowable replacement for face masks. However, shields may be worn in addition to masks if desired.

The health and well-being of our students and staff continues to be our greatest priority. In order to prevent spread of COVID-19, it is critical for parents, students, and staff to *stay home* if they are experiencing any COVID-like symptoms, **or** if they have been in contact with someone who is currently positive for COVID.

Your help in these matters will provide LISD and your children with the best chance of a healthy, productive, and successful school year. For any further assistance, please contact our office at 936-630-4500. Thank you for your support as we work together to keep our school family safe!

Sincerely,

Dunbar Primary
