If families intend for a student to participate in remote/virtual learning for the first nine weeks, they must complete the Skyward remote/virtual learning through the Lufkin ISD Virtual Learning Academy (LVLA). Families must commit to in-person learning first nine-weeks of school. Because of the constantly changing nature of the COVID-19 pandemic and the unique needs of each switch learning models at the start of each new nine-week grading period. The earlier families can make decisions, the better.

If you have multiple children, please complete a commitment form for each child. If this form is not completed, students will be learning at their home campuses. For secondary students (6-12), schedules will be adjusted based on the availability of online learning.
